Helping our residents is the thing we're most passionate about. And we're not shy about showing it. Our staff is here to help, assist, support and encourage. The comfort and convenience of residents comes first — and that means we're as hands-on or as hands-off as you need us to be. If you're not in the mood to cook, we'll make dinner for you. We'll even sit with you and eat, enjoying each other's company. We'll give you a hand with the groceries and do your laundry. Whatever. Whenever. It's truly our pleasure to be there for you. It's why we're here.

*“The staff are more caring than I ever thought possible at a senior residence. From the servers in the dining room to the housekeeping staff, aides and receptionists. There is love, caring and helpfulness everywhere. We have no regrets regarding our move.”*

## Prime Thyme: Restaurant-Style Dining Room

It's more than a dining room; it's an experience. StoryPoint has a 5-star restaurant inside where you always have a reservation and never dine alone. Dishes that look like a work of art. Foods that deliver tastes from the best flavors the world has to offer. Our chefs are perfecting techniques, inventing new dishes, and re-imagining the classics. All to bring the tastes of the world to you on a daily basis. Our meals are based on the freshest local ingredients available, and they're benchmarked against the most well regarded restaurants in the world. At StoryPoint, "eating in" always feels like going out.

---

## Candlewick Bistro

Sometimes you just want one of those casual nights. The Bistro is the perfect place to relax with friends and have a burger and a beer. It's just like being at your favorite pub, so pull up a bar stool, watch the game and cheer loudly. Or sit and swap stories with your pals. The Bistro has a casual vibe for a night out without a major fuss. There's even a patio for warm-weather dining and refreshments outside in the fresh air.

---

## The Friendly Fork Food Truck

Our food is too good to only stay inside our buildings. The Friendly Fork Food Truck lets our chefs take the great tastes of StoryPoint on the road. You'll find the Friendly Fork out and about, serving up delicious bites at fairs, festivals and other local events. We're especially proud that it also gives us a chance to support local charities, too. As always, we use fresh, local ingredients and we use them in the truck to create classic dishes with a modern twist. The best part is they're perfect for enjoying away from a table. We're proud to be able to take our food, our spirit and our message out into the community.

# We're all ears.

---

We recognize that this can be a difficult process. We know you'll have plenty of questions as you make this wonderful and sometimes stressful change in your life. Please don't hesitate to call. It is our pleasure to help you navigate all the options until you feel confident and empowered in your decision.
