

THE AGE OF LOVE MOVIE SHOWING

Independence Village and StoryPoint are hosting four screenings of the film, *The Age of Love*. This documentary film follows 30 older adults as they navigate a speed dating event exclusively for 70 to 90 year-olds.

Those of us who work in the field know that the basic human need for companionship and intimacy doesn't go away just because we have lived more years than most. This film is a testament to that reality. We will host four screenings at various Independence Village and StoryPoint communities for our residents and our wider local community of not only seniors, but also students and professionals who work with older adults.

After each showing, have an exclusive opportunity to meet the Director, Steven Loring, for a question and answer session.

The Age of LOVE
